Lead

In the 1980s, bat-eating 'Prince of Darkness' Ozzy Osbourne had been kicked out of Black Sabbath but was still a leading light (dark?) in Satanist heavy metal. But does the luxury of a Rolls-Royce really suit a werewolf?

The photo of Ozzy Osbourne as a blond-haired werewolf was created in 1983 as part of a [shoot for his new album 'Bark at the Moon'](#). As well as the wild curly mane, we admire the registration number of his Rolls-Royce – 'WOOF 1' seems just the thing for Halloween.
