

CLASSIC DRIVER

[Join this fabulous Maserati 450 S recreation in dreamland](#)

Lead

Dreams can be both blissful and infuriating. Say, for example, you were enjoying a beautiful bare-metal Maserati 450 S recreation on the ideal road, and then you woke up....

In your dreams

This short film, produced by Classic Driver dealer Wim Prins, shows its Maserati Mexico-based, aluminium Maserati 450 S recreation being driven with some gusto on a rather miserable day. Unfortunately for the young lady at the helm, the fantasy didn't last long – a clichéd ending perhaps, but one that nicely illustrates the strong allure and romance of classic cars.
